

PRIMER FILLER HS

The product is available in three colours (white, grey and black) for optimum matching of the filler colour to the topcoat.

- Very high solids content
- Fast drying
- Easy sanding
- Reduced sanding dust
- Can also be used wet on wet

ABOUT THIS PRODUCT

Gerko Primer Filler HS is a 4/1 two component high build acrylic primer. Provides good sandability, good filling, fast drying, sag-resistance and excellent adhesion to steel, galvanized steel and aluminium. Gerko primer filler guarantees complete all-purpose use thanks to the 3 application methods available :

1. High build primer
2. Primer surfacer
3. Non sanding primer
